

January 6th 2011

Rehabilitation technologies for Early Supported Discharge following stroke

Programme

Session 1 Translation to clinical practice

09:00-09:45 **Registration**

09:45-10:00 **Welcome and Introduction- Jane Burrige University of Southampton**

10:00-10:30 **Understanding the process of translating research into clinical practice – Understanding commissioning**

Sally Chisholm, NHS Technology Adoption Centre

10:30-11:15 **What People Want**

Prof Martin Izermann, University of Twente, the Netherlands

Interactive session using zappers – Analytical Hierarchy Processing

11:15-11:45 Tea and coffee break

11:45-12:20 **Group sessions: Tasks: eg. How do we translate technologies? What are the criteria for successful technology?**

12:20-13:30 Lunch

Session 2 Examples of technologies

13:30-14:00 **Engineering rehabilitation technology at home**

Dr Nigel Harris, Bath Institute of Medical Engineering

14:00-14:30 **Clinical applications of technologies – evidence and development**

Dr Sara Demain, University of Southampton

14:30-15:00 **LifeGuide**

Prof Lucy Yardley, University of Southampton

15:00-15:20 Tea and coffee break

15:20-15:50 **SMART 2**

Prof Sue Mawson, Sheffield Hallam University

15:50-16:20 **Panel Discussion**

16:20-16:30 **Conclusions**

16:30 Close

With the permission of the speakers, most of today's presentations will be available online at www.equal.ac.uk after the event.
